

BRZ | 2027

Sports car purity. Subaru DNA.

The 2027 Subaru BRZ is a classic sports coupe built for drivers who take driving seriously. It has more horsepower than the Mazda MX-5 Miata and a rear-wheel-drive chassis that sets it apart from the Honda Civic Si.¹ With precise power distribution, an ultra-low center of gravity, and a track-tested suspension, full-throttle fun comes standard.

Limited

- 228-hp 2.4 liter 4-cylinder SUBARU BOXER® engine with direct & port fuel injection

Information current at time of printing.

1 Based on competitor information from manufacturer websites as of May 2026. 2 Activation with subscription required. Includes a three-year trial subscription to Safety services and a six-month trial subscription to Safety and Security services. The Concierge plan can be purchased annually or monthly. A credit card on file will be required for specific packages and for renewal purposes. Features and availability vary by model and trim level. May not be available in all states. Please contact your local authorized Subaru retailer for more information. 3 EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See your Owner's Manual for complete details on system operations and limitations. 4 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. 5, 6 Limited availability features exclusive to ZC15. See your Subaru retailer for details. 7 Available on tS only. 8 Limited availability, exclusive to ZC15.
